**Ombudsman:**

1. Briefly the facts are that the complainant is running a business and some unknown persons are harassing her and are not allowing her to run her business freely. The complainant submitted a complaint before this forum and requested this office to investigate into the matter and take the culprits to the task.
2. The perusal of the record shows that the complainant has a business problem with some unknown persons who are not allowing the complainant to run her business freely in that area, the complainant has not mentioned the names of those persons who are harassing the complainant, despite a letter written to her on 10-9-2011, no list of witness and names of respondents is provided to this office. This office could only investigate and try the case in which the names of respondents alongwith their postal address are mentioned in the column of respondents. Since she has not mentioned the names of respondent, therefore, this office on its own can not make investigation against unknown persons.

3. Moreover the complainant has never attended this office. She was in contact with the Registrar of this office through telephone. The complainant has not contacted this office since September 2011 which shows that she is not interested in pursuing this case. Therefore this complaint is dismissed for non prosecution.
